To: Valued Customers,

NOTICE
To Users of FlashAir App for iOS and iPadOS

18 August 2020

We at KIOXIA Corporation are informing you that compatibility of our FlashAir App with iOS 14 and iPadOS 14, to be released by Apple Inc., has not yet been tested.

Please note: In case you update/upgrade your operating system to iOS 14 or iPadOS 14, this may cause problems with the application, compatibility and usage of the FlashAir App. If you want to avoid these potential problems, please consider postponing the update/upgrade (which in turn may cause problems with other software applications or the security of your device).

We will notify you of compatibility with the new OS version through our official website as soon as it is found out.

We apologize for any inconvenience this may cause.
